

adtronics®

Proudly Canadian

WE POINEERED ELECTRONIC SIGN TECHNOLOGY

Celebrating our Past

Established in 1978, Adtronics quickly became the leader in electronic advertising signs.

Adtronics' team of engineers raised the bar with new proprietary technology and soon our name was behind the largest and most recognizable signs in North America.

Adtronics manufactured the world's largest outdoor video sign located at the Boulder Station Casino in Las Vegas Nevada.

Redefining our Future

After 45-years Adtronics continues to provide cutting edge technology with a proven track record of excellence. Serving clients in multiple countries we have thousands of successful installations.

Investing in digital signage is proven to be the lowest cost and highest return on investment compared to all other advertising mediums.

Elevate your brand with Adtronics', we offer digital solutions for any purpose or event.

Remotely manage your ads on one sign or one hundred signs, update your marketing campaign in seconds.

Empower your Business with Information Technology. We provide turn-key digital display solutions to making your digital sign experience easy from concept to completion.
